Product specific data

Product dimensions (in mm)		
Single packaging	Min.:	L 100 x B 100 x H 50mm
	Max.:	L 600 x B 540 x H 250mm

Infeed Manual feeding on separate infeed conveyor

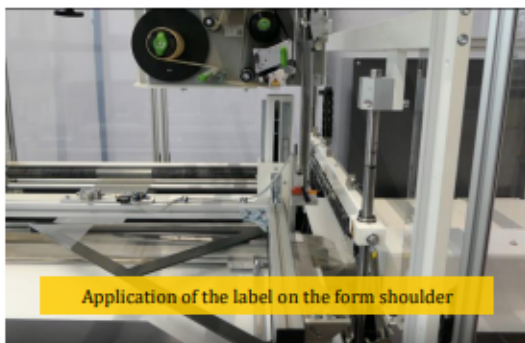

Outfeed Manual takeover from separate outfeed conveyor

Special features

- Separate infeed conveyor and light curtain
- Special film support for the application of the label on the form shoulder
- Integrated Labeller
- Mobile closing conveyor
- Encoder
- Separate outfeed conveyor

Why film packing?

- Protection against dust and moisture
- Protection against scratches and oil stains during handling
- Film as carrier of label instead of direct labelling on the product
- Smaller volume than in cardboard packaging

Application of the label on the form shoulder

Outfeed with packed product
